

A man and two women are standing inside a modern glass elevator. The man is on the left, wearing a light blue shirt and khaki pants, holding a brown leather briefcase. The woman in the center is wearing a white top and a brown skirt, looking at a smartphone. The woman on the right is wearing a beige blazer and pants, looking at the phone. The elevator has a white frame and glass walls, and the background shows a modern building interior.

INSPIRED BY EVERYDAY LIFE

CIBES C1 PURE - Cabin Lift

Cibes

The image shows a modern interior space with a rustic yet sophisticated design. The ceiling is made of dark, horizontal wooden planks. Large windows on the left side offer a view of a snowy, forested landscape. In the center, a glass lift system with a grey frame and frosted glass panels is visible. The lift has a control panel with a '2' and a set of four circular buttons. To the right, a dining area with a dark table and chairs is partially visible. The floor is made of wide, dark wooden planks. In the foreground, there is a low, dark wooden coffee table with a tray of glasses and a vase of dried flowers. A light blue sofa is partially visible on the left.

**CIBES LIFT GROUP** provides tailor-made lift solutions for both public and private use, based on our proven modular concept that has minimal structural impact on your building.

CIBES C1 PURE is our latest lift concept that comes with an even greater range of choices and design options – all to ensure your lift can be customized to fully meet your needs and blend in with your building.

# FOR RESIDENTIAL, COMMERCIAL & PUBLIC BUILDINGS

Cibes C1 Pure adapts to the requirements of your building, not the other way around. The great choice of colours, materials and features enable C1 Pure to adjust to your needs and interior design.

## FAST AND EASY INSTALLATION

Installing a conventional lift takes several weeks and requires extensive building adaptations. Installing Cibes C1 Pure takes just a few days and has minimal structural impact on your building.

All our installers around the world are certified to install our lifts and provide dedicated aftercare services according to your needs.

# THE IDEAL PUBLIC ACCESSIBILITY SOLUTION

Cibes C1 Pure complies with European Safety Standards and is a very user-friendly lift, suitable for public establishments such as schools, museums and healthcare centres. Customizations for public buildings include push buttons with Braille.

**TOUCHSCREEN CONTROL PANEL\*** - The contemporary design of this elegant control panel includes user-friendly and highly responsive touchscreen buttons and an integrated level indicator.

**LED LIGHT DIFFUSER CEILING** - The white, frosted LED light diffuser ceiling is illuminated by programmable, energy-saving LED lights.

**TOUCHSCREEN CALL BUTTON** - User-friendly and highly responsive touchscreen call button with integrated level indicator.

**MIRROR** - A full-height mirror is available for the cabin wall opposite the door.

\*The touchscreen control panel is only recommended for settings with a low risk for reckless use or vandalism.

**CLASSIC CONTROL PANEL** - The classic control panel is equipped with tactile and illuminated push buttons. The control panel can be delivered in up to 300 colours or in brushed stainless steel.

**DOORS** - The telescopic sliding doors are available in steel or glass. Both door models are available in up to 300 colours. In addition, the steel doors can be delivered with EI60 fire rating or in a stainless steel finish.

**CLASSIC CALL BUTTON** - The classic push button is tactile and equipped with back-light.

**CEILING WITH LED LIGHTS** - The ceiling with programmable, energy-saving LED lights is available in up to 300 different colours.

## SPACE-SAVING LIFT DESIGN

Most conventional lifts, such as hydraulic lifts and traction lifts, require extensive refurbishment for the deep pit and big headroom.

Cibes C1 Pure integrates seamlessly with your building and needs only minimal refurbishment.

## ACCESSORIES

Push button

RFID tag reader for auto lock

Key lock for auto lock/central lock

Touchscreen call button with integrated level indicator

Level indicator in elegant zinc frame

Code lock for auto lock

Other lock solutions are available. For more information, please contact Cibes.

Touchscreen controls are not suitable for projects required to meet European Accessibility Standard for lifts EN 81-70. For such projects, mechanical push buttons are advised. EN 81-70 also includes other requirements. Please contact your Cibes dealer for more information.

# SCREW-DRIVEN INNOVATION

Cibes has innovated lift technology for more than 70 years now and our space-saving platform lifts are used by millions of people across the globe. To take our business and your comfort to the next

level, we have created a completely new lift which combines the greatest benefits of platform lift technology with the most convenient features of a conventional lift.

DISCOVER THE UNIQUE ADVANTAGES OF SCREW-DRIVEN CABIN LIFT CIBES C1 PURE.

- **Reduced top height**  
The 2500 mm top height fits easily under most ceilings.
- **Machine room less**  
The machinery fits inside the shaft, no need for a separate machine room.
- **Screw-driven system**  
Reliable 100% electric screw-driven system, no hydraulics.
- **Energy-saving LED technology**  
The ceiling is illuminated by durable and energy-saving LED lights.
- **Automatic telescopic doors**  
Automatic telescopic doors for landings and cabin.
- **Space-saving doors**  
The doors slide open without obstructing the space on the landings.
- **One touch operation**  
One touch operation at landings and inside the cabin.
- **Reduced lift pit**  
At the bottom floor, a shallow pit of 100 mm is enough.

# VERSATILE DESIGN

We believe that beautiful design should be versatile enough to cater for different needs and requirements. To adapt to public, commercial and private settings,

Cibes C1 Pure is available in three design concepts, whose elements can be combined to suit your needs.

- **Ceiling with LED spotlights**
- **Multi-functional integrated speaker**  
Speaker for emergency phone, voice announcement and arrival signal.
- **Level indicator**  
The 3" display is integrated with the control panel.
- **Control panel with push buttons**  
Tactile push buttons with back light.  
  
ONE TOUCH OPERATION  
- Destination buttons with one touch operation.  
  
ALARM BUTTON  
- Activates the alarm signal and the emergency telephone.\*
