# TSL500 Domestic Steplift

**Practical:** As well as providing wheelchair access, the TSL500 can also accommodate pedestrian access when supplied with bridging steps.

**Easy to use:** Convenient controls to the carriage, upper and lower levels (remote option also available) Shallow approach ramp for easy access onto the lift platform.

**Easy installation:** Self-contained unit is suitable for mounting on to a smooth flat surface and can be easily installed in less than a day.

**Cost effective:** Often cheaper than a ramp and can be easily re-sited.

**Reliable:** Battery back-up provides normal operation in case of a power cut

**Low maintenance:** Annual servicing recommended. Service contract available

**Safe:** Built in the UK to BS 6440:2011 by a Company with over 50 years' experience in mobility and access Products.

**Versatile:** The TSL1000 will travel up to 500mm with upper gate protection or with a single bridge step.
